TOTAL NUMBER OF MULTI-YEAR RESILIENCE PROGRAMMES

TOTAL NUMBER OF FIRST EMERGENCY RESPONSES

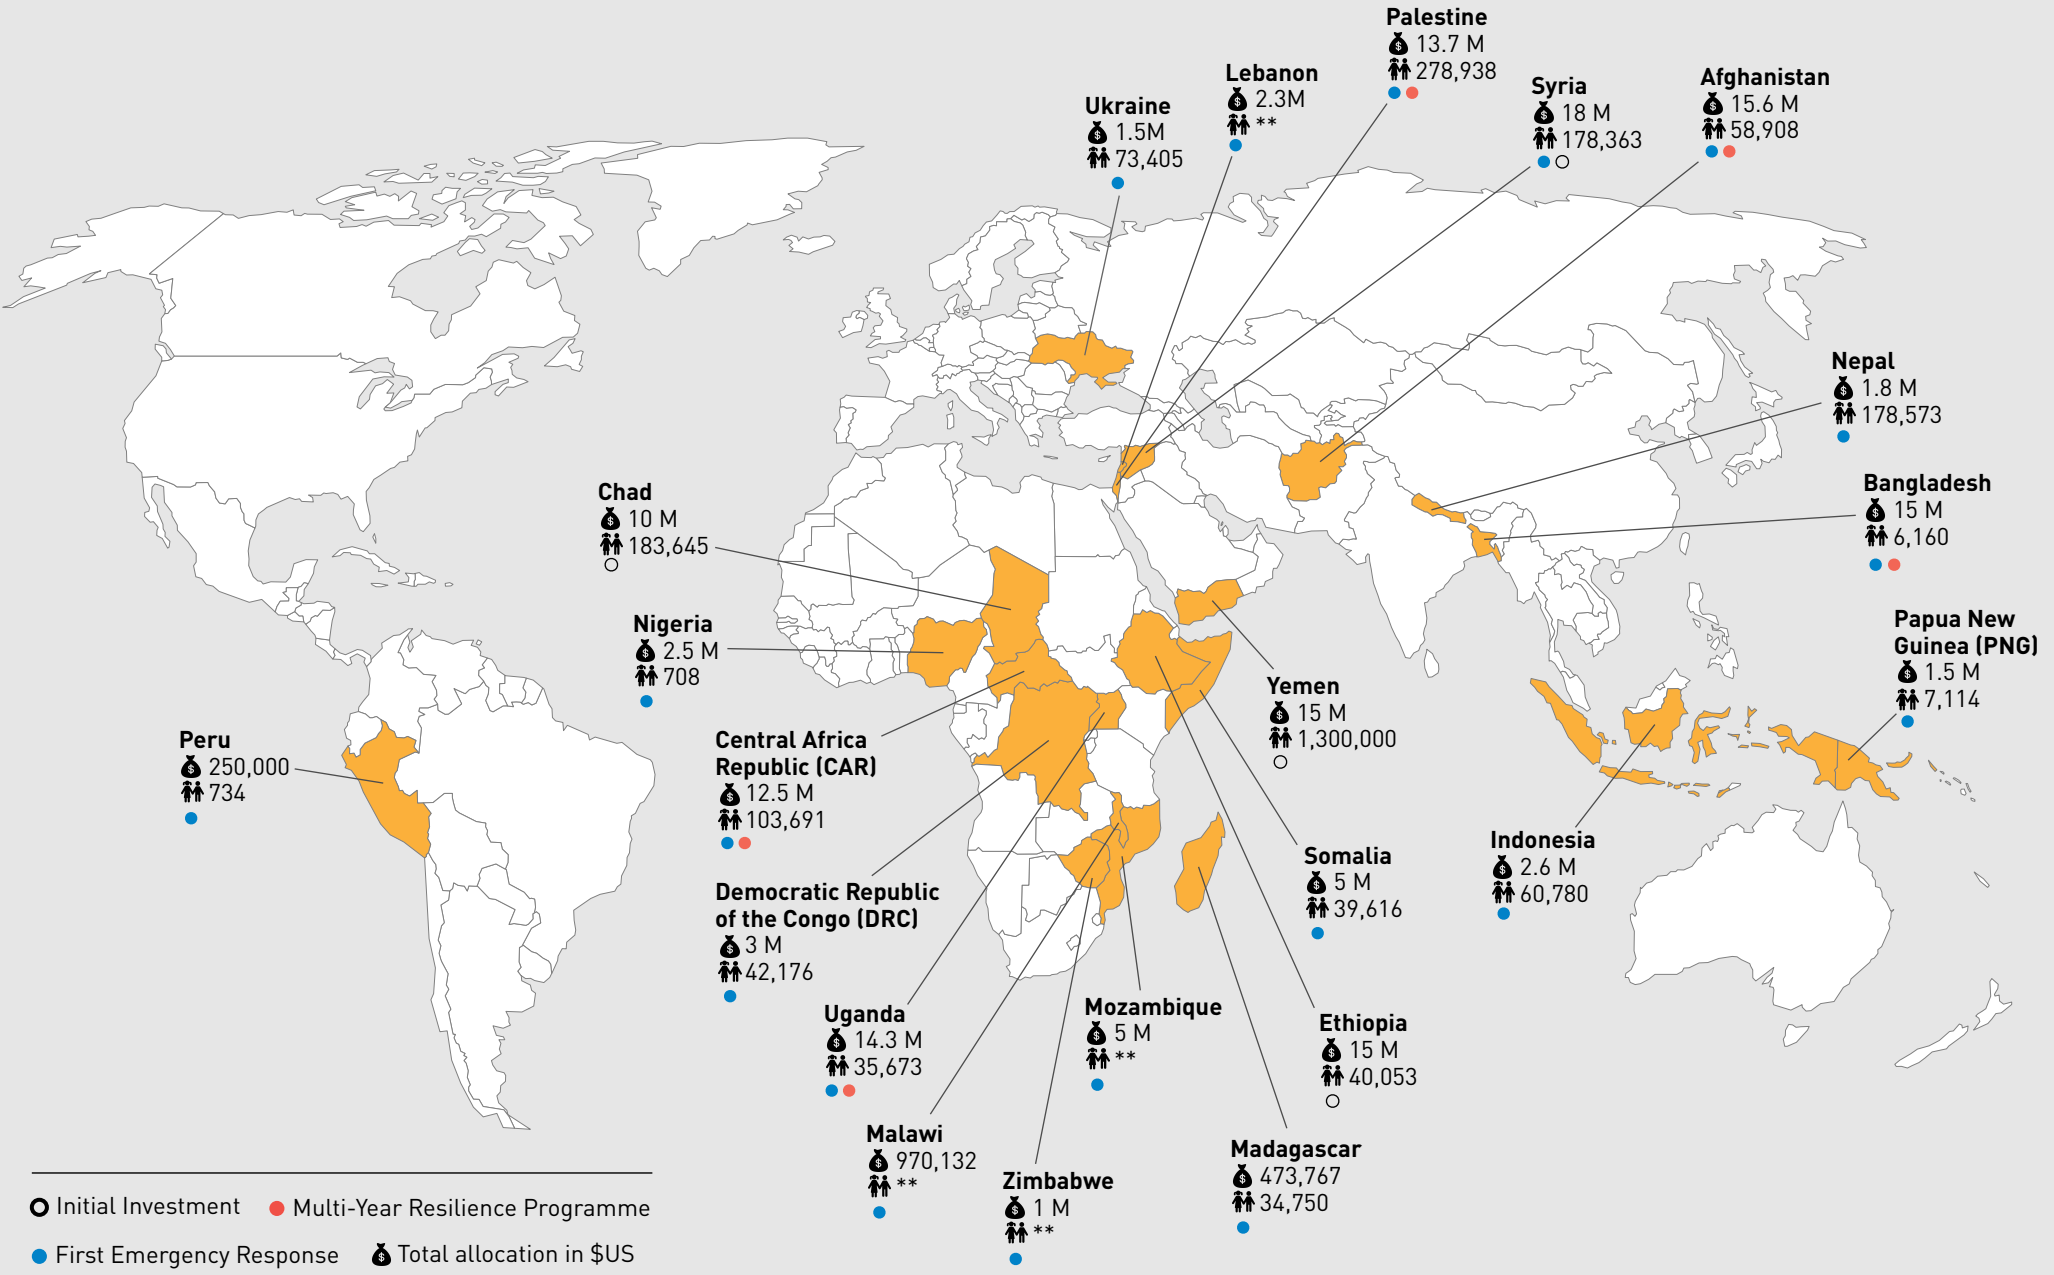

■ Launched ■ Under Development ■ Planned

* The total number of children reached does not include data for Yemen. Due to the highly complex nature of the crisis, about 1.3 million children in Yemen were supported to take end-of-cycle exams and received food rations. As this type of assistance is different from the assistance provided in other countries, beneficiaries are featured separately pending further aggregation of data.

** As some grantees have yet to submit fully disaggregated data on beneficiaries at country level, certain figures are estimates.

MAP OF ECW COUNTRY INVESTMENTS AND CHILDREN REACHED* | 8 MAY 2019

● Initial Investment ● Multi-Year Resilience Programme
● First Emergency Response 💰 Total allocation in \$US
 👤 Number of children reached

* Children are reached through a comprehensive approach with different types of assistance that are context-specific (e.g. upgraded learning spaces, teachers trained or financially supported, learning materials, school feeding, etc.)
 **No available data at the time of publishing
